

ARYAN JAISWAL

Gorakhpur, Uttar Pradesh, India | +91 9919585935 | aryanjais2024@gmail.com
LinkedIn | GitHub | LeetCode | Codolio

Software Developer Intern | Front-End Developer | Problem Solver

Profile

Second-year B.Tech student at NIT Hamirpur with hands-on experience building JavaScript-based dashboards, responsive portfolio interfaces, and data-driven front-end projects. Strong foundation in HTML, CSS, JavaScript, Python, C/C++ fundamentals, Git/GitHub, and problem solving; actively learning software development through projects, coding practice, and industry certifications in data science and AI.

Education

National Institute of Technology Hamirpur

B.Tech in Mechanical Engineering (2nd Year) | CGPA: 8.05

2024 - Present

Hamirpur, Himachal Pradesh

Skills

Programming Languages: C, C++ (DSA), Python, JavaScript

Front-End Development: HTML, CSS, JavaScript, React.js, DOM manipulation, responsive web design

Tools & Technologies: Git, GitHub, VS Code, Chart.js, Canvas API, RapidAPI

Software Concepts: Data structures basics, API integration, debugging, modular UI design, problem solving

Domains: Data Science fundamentals, AI basics, dashboard development, web application development

Soft Skills: Communication, teamwork, self-learning, time management, creative thinking

Experience

Internshala Student Partner (ISP)

Internshala / Scholiverse Educare Pvt. Ltd.

Jun 2025 - Present

Remote

- Selected for Internshala Student Partner program focused on promoting internships and online training opportunities among college students.
- Support student outreach, awareness activities, and campus-level communication for internship and training programs.
- Developing communication, planning, and community engagement skills useful for collaborative software teams.

Projects

RailbrainX | AI Railway Traffic Management Dashboard LIVE DEMO : <https://aryan-developer613.github.io/RailbrainX>

2025

HTML5, CSS3, JavaScript, Chart.js, Canvas API, RapidAPI | GitHub

- Built a railway traffic management dashboard for train simulation, route visibility, platform monitoring, status tracking, and analytics-style decision support.
- Implemented Canvas API visuals and Chart.js metrics to convert operational data into readable dashboard components.
- Designed front-end workflows around interactive navigation, API-driven data display, conflict/status visibility, and clean UI organization.

Personal Portfolio Website LIVE DEMO : <https://aryan-developer613.github.io/aryan-portfolio>

2026

HTML, CSS, JavaScript | Front-end Portfolio

- Designed and built an interactive responsive portfolio with project cards, profile links, theme toggle, contact form, project filters, and modal interactions.
- Applied modern UI principles, hover effects, component-like section structure, and JavaScript event handling to create a recruiter-friendly portfolio experience.
- Showcases GitHub, LinkedIn, LeetCode, Codolio, RailbrainX, certifications, and front-end development skills; ready to deploy on GitHub Pages or Netlify.

Certifications

- Introduction to Data Science - Cisco Networking Academy, completed Jun 14, 2025.
- Python 101 for Data Science - Cognitive Class / IBM Developer Skills Network, completed Jul 17, 2025.

IBM Certificate Validation

- AI for Beginners - HP LIFE / HP Foundation, completed Jun 9, 2025.

Achievements & Coursework

- Maintaining 8.05 CGPA while pursuing Mechanical Engineering and parallel software development learning.
- Completed certifications across Data Science, Python, and AI fundamentals to build cross-domain technical awareness.
- Actively practicing coding through LeetCode and documenting work through GitHub/Codolio profiles.
